AMENDED AGENDA POSTED AT CITY HALL AND THE EAGLE LAKE POST OFFICE ON THURSDAY, JUNE 1, 2023
BY CITY CLERK DAWN WRIGHT, MMC, FCRM, PHRP

FROM THE DESK OF THE CITY MANAGER

Memo To: Mayor and Commissioners

Date: June 5, 2023

Ref: Monthly Report

2023/2024 Budget – We will be submitting our initial budget for the 2023/24 budget cycle and with the tremendous growth we are experiencing, we have exceeded the last budget estimates. However, we are budgeting for next year based on previous revenues and not expecting any additional growth.

CDL – Within the public works department, we require a CDL license within one year of hire. However, since we have budgeted a new dump truck that does not require a CDL we have no vehicles that require a CDL so we are no longer making this a requirement.

Harlan Harris Property – It's been a long time coming, but we are finally moving to foreclose on the property and it is our desire to turn around and resell it

Home Rule Hero – Dawn and I have both been awarded the Home Town Hero award for our commitment for home rule. We will receive our award at the Ridge League meeting on June 8th.

Library Openings – We have bad news in that Dale Storms and Paula Nester are both leaving the city as their children would like them to move closer to them. Dale will be returning to New York and Paula to Arizona. They will be leaving once they sell their properties here in Florida. It is because of their commitment that we have discovered that there is a demand for a library in Eagle Lake.

No Thru Trucks – The county is considering No Thru Truck signage for Cooley Road, Camellia Drive and Old Eagle Lake Winter Haven Road/3rd Street.

Sheriff Department – In order to keep addressing our speeding issues the Sheriff Department would like to purchase new speed timing devises that record speed in both directions. The cost to purchase these devises is \$25,020. I would recommend that we purchase them now instead of waiting till the next budget cycle.

Water Cooperative - During the PRWC TAC meeting last month, it was requested that the city re-review our long-term water demand projections. The bad news is that our population increased significantly more than estimated for 2021 and 2022. The good news is that our per capita usage dropped to 77 and 71 gpcd as opposed to the estimate of 110 used in the projections.

Also, the Water Cooperative showed a slide indicating that their blending analysis shows the City may be required to add soda ash and CO2 to the water to make it compatible.

ORDINANCE NO.: O-23-10

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF EAGLE LAKE, FLORIDA, AMENDING THE CITY OF EAGLE LAKE CODE OF ORDINANCES, CHAPTER 16, UTILITIES, ARTICLE V. BILLING PROCEDURES, FEES AND DEPOSITS, SECTION 16-142 AND SECTION 16-144; INCREASING THE FEE FOR AFTER HOURS UTILITY CONNECTION AND DISCONNECTION REQUESTS; PROVIDING UTILITY ACCOUNTS ARE SUBJECT TO IMMEDIATE WATER SERVICE DISCONNECTION FOR DISHONORED CHECKS; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Eagle Lake provides water and sewer services to customers within the territorial boundaries of the City and within its Chapter 180 service area; and

WHEREAS, the City of Eagle Lake has experienced a significant increase in amount of utility accounts and an associated increase in customer service requests, as well as an increase in utility payment complications due to dishonored checks; and

WHEREAS, the City Commission deems it in the best interest of the City to increase the fee for requests for after-hours utility service connections and disconnections to defray the cost of providing after-hours staff necessary to accommodate such customer requests; and

WHEREAS, the City Commission also deems it in the best interest of the City to authorize the immediate disconnection of water service to customers who have made payment with a worthless check, and to authorize the imposition of associated bank fees, service charges, or other amounts that are authorized by Florida Statute;

NOW THEREFORE BE IT ORDAINED by the City Commission of the City of Eagle Lake, Florida, as follows:

1. Section 16-142 of the Code of Ordinances shall be amended and shall read as follows (strikethrough language deleted, underline language added):

Sec. 16-142. – Customer billing, administration, inspection and service fees.

The following fees are hereby imposed and may be amended by Resolution from time to time:

(1) A fee of \$3.00 per month on each user of utility services, including water, sewer and garbage collection, provided by the city. This fee will be charged regardless of whether a customer uses all of the utility services provided and shall be included as part of each customer's monthly bill. This

fee will be charged monthly regardless of usage or non-usage of any service to defray the costs for the preparation of the monthly billing statement including the reading of the water meter, and applies to all customers of the utility system including those that are on a temporary hold for any reason.

- (2) A fee of \$3.00 per month for customers with separate irrigation meters on each monthly irrigation meter billing statement during months where there is usage. The fee shall be to defray the costs for the preparation of the monthly irrigation meter billing statement and reading of the irrigation meter.
- (3) A one-time residential administration fee of \$20.00 for new residential account set-up which shall be included on the customer's first monthly billing statement. If a customer establishes a separate irrigation meter account and/or hydrant meter account then the one-time administration fee shall also be charged on each of those accounts and included on the customer's first monthly billing statement for such accounts.
- (4) A one-time commercial administration fee of \$45.00 for new commercial account set-up which shall be included on the customer's first monthly billing statement. If a customer establishes a separate irrigation meter and/or hydrant meter account then the one-time administration fee shall also be charged on each of those accounts and included on the customer's first monthly billing statement for such accounts.
- (5) A fee of \$25.00, along with an application for service, to have water turned on for a 24 hour period for inspection purposes.
- (6) A fee of \$50.00 \$75.00 to have service turned on or turned off after 4:00 p.m. on any city business day. In the absence of payment of said fee, service connections and/or reconnections shall be made the following business day if the payment required therefor is received after 4:00 p.m.
- 2. Section 16-144 of the Code of Ordinances shall be amended and shall read as follows (strikethrough language deleted, underline language added):

Sec. 16-144. – Payment of fees and bills.

- (a) Utility bills for monthly charges and fees for solid waste, water and sewer service shall be submitted by the clerk and shall be paid by the users monthly. All bills for water shall be due upon receipt and should be paid on or before the 15th of the month following the month in which the water is used. When charges for solid waste, water and sewer remain unpaid after the 15th of the month, a \$10.00 late charge will be added to the bill and become a part of the bill and all charges shall be considered "past due."
- (b) All amounts past due shall be paid within ten days of the date of delinquency, failing which shall render the user liable to have his supply of water cut off without notice. In all cases where the water is subject to cutoff, a service charge of \$50.00 shall be imposed without regard to whether the service is off or on. The service charge of \$50.00 shall also cover the reconnection of water service once the user's account is current. Payment of bills by checks that are returned to the city for nonpayment will result in the maximum service charge authorized by law.

- (c) Each month the city shall render a joint bill for water service, sewer service and solid waste service. When the billing is more than one of these three services, the city shall not accept payment for any one service separately from another service or other services included in the joint bill for all services rendered.
- (d) After a customer has been delinquent three times in a calendar year, a customer's check for payment is returned for insufficient funds has been dishonored two times in a calendar year, or the combination of delinquencies and dishonored checks returned for insufficient funds equals three or more, the customer's deposit will be adjusted to the amount listed in section 16-141 for "potential bad debt customers" the then current utility deposit schedule. A customer who has made payment with a dishonored check is subject to bank fees, service charge(s), and/or other amounts authorized by F.S. §68.065. Such customer is also subject to immediate water disconnection, without notice, and any disconnect/reconnect charges set forth in this Chapter. In addition to the foregoing, aAny customer who has two returned dishonored payments will be required to make utility payments on a cash only basis. No additional checks, electronic payments, or automatic withdrawals will be accepted as a form of payment. An additional NSF fee will be applied to all returned payments.
- (e) Governmental entities shall be given an additional 15 days in which to pay utility bills so that all bills for utilities shall be paid on or before the 30th of the month in which the utility is used.
- (f) The city manager may grant an extension to pay a utility bill to any person holding solid waste, water or sewer account, or any combination thereof, with the city upon the presentation of the following documentation:
 - (1) Proof of loss of a job or other source of income; or
 - (2) Proof of an essential and necessary expense that must be paid; and
 - (3) Proof that the source of income or essential and necessary expense has caused the inability to pay the current solid waste, water or sewer bill.

No extension shall exceed 30 days in length. No more than one extension shall be granted in any 6-month period per utility account, or per customer if customer has more than one utility account with city. No extension shall be considered unless a request for extension has been received by the City on or before the 25th calendar day of the month preceding the date on which the extension would begin if granted.

For the purposes of subsection (f), "proof" means any document which tends to show the fact being demonstrated with a high degree of certainty. Any customer denied an extension may ask the city commission to review the decision of denial made by the city manager.

- 3. It is the intent of the City Commission that the provisions of this Ordinance shall become codified and made a part of the City of Eagle Lake Code of Ordinances. The sections of this ordinance may be renumbered, reformatted or re-lettered to accomplish such intention.
- 4. All ordinances in conflict herewith area hereby repealed.

5.	Should any section, paragraph, clause, sentence, item, word or provision of this Ordinance be					
declared invalid by a court of competent jurisdiction, such decision shall not affect the validity of this						
Ordina	ance as a whole, or any part hereof, not so declare	ed to be invalid.				
6.	This Ordinance shall take effect immediately upon passage.

MEMORANDUM

TO: Tom Ernharth, City Manager, City of Eagle Lake

FROM: Merle Bishop, FAICP, Senior Planner

DATE: April 21, 2023

SUBJECT: Property Brothers, LLC (Jesus Canales) CPA/Rezoning

PROJECT: ELAKX21013, Phase 04 (Canales Rezoning)

In response to the City's request, we have completed our review of the Comprehensive Plan (Map) Amendment/Zoning application submitted by Jesus Canales, Property Brothers, LLC, on 4/04/23 to the City of Eagle Lake for one parcel totaling approximately 3.45 acres in size, comprising one city block lying between Laurel Avenue, East and Brookins Avenue, East; and, 6th Street, South and 7th Street South; with a street address of 0 Laurel Avenue, E., Eagle Lake, Florida.

BACKGROUND:

Property Owner(s): Russel C. Hart

Applicant: Jesus Canales

Property Brothers, LLC 6474 Horizon Point Drive Lakeland, FL 33813

Site Location: Between Laurel Avenue, E. and Brookins Avenue, E.; and, 6th Street, S. and 7th Street S.

Eagle Lake, FL 33839-5401

Parcel ID #: 262907-680500-001010

Total Site Size: 3.45 acres +/-

Current Land Use: Vacant

Future Land Use Designation: Low Density Residential

Zoning Designations: Single Family Residential (RS-1)

Proposed Future Land Use Designation: Medium Density Residential (Exhibit D)

Proposed Zoning Districts: General Residential (RG) (Exhibit E)

BACKGROUND:

The subject parcel currently has a Future Land Use classification of Low Density Residential, which would allow a maximum of 5.0 single family dwelling units per acre or 17 single family lots on the 3.45 acres. The current zoning, Single Family Residential (RS-1), allows single family lots with a minimum size of 10,000 square feet and a minimum lot width of 80 feet. Based on the size (3.45 acres) and dimensions (578' X 260') of the parcel, the maximum number of lots allowed would be 14.

The applicant plans to develop 18 single family lots 60 feet wide by 130 feet deep for a minimum size of 7,800 square feet. This development scenario would yield 5.22 dwelling units per acre, which requires a change in the Future Land Use classification from Low Density Residential (0 to 5.0 dwelling units per acre) to Medium Density Residential (maximum of 10 dwelling units per acre). Additionally, the requested lot size requires a

change in the existing zoning designation from RS-1 to General Residential (RG), which permits a minimum lot size of 6,000 square feet with a minimum lot width of 60 feet. Based on the size and dimensions of the parcel, the maximum number of lots that could be developed with a Medium Density Residential Future Land Use and RG zoning designation would be 18 lots.

The parcel is comprised of a full city block which was platted in 1926 for 23 single family lots as the Lake McLeod Subdivision (Plat Book 20, Page 30) and shown in Exhibit D. Based on Section 2.1.3.20, Nonconforming lot(s) of record, Land Development Code, the platted lots qualify as "lots of record" and could be developed for a single-family house on each lot. Development of all 23 lots would yield a density of 6.67 dwelling units per acre. This section of the Code states that "yard dimensions and requirements other than those applying to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located."

Any configuration of developed lots on the property would have frontage and access to an existing local road, which is owned and maintained by the City of Eagle Lake.

SURROUNDING LAND USES:

The subject property is surrounded by single family homes on lots ranging in size from 9,750 square feet to over one acre; however, the predominate lot size appears to be ¼ acre.

PUBLIC INFRASTRUCTURE:

The subject parcel is served by existing public infrastructure and services within the City, including an existing local roadway network, potable water and sanitary sewer lines. Emergency, fire, police services and an elementary school are all located less than 0.5 mile from the property.

As stated above, the existing RS-1 zoning and the dimensions of the property would permit 14 dwelling units on the 3.45 acres. Using the existing platted lots which are generally 50' X 130' or 6,500 square feet, a total of 23 lots could be developed. The requested change to Medium Density Residential Future Land Use and RG zoning would permit a maximum of 18 lots. This is only 4 additional lots from the RS-1 zoning allowance and 5 lots less than the Lake McLeod Subdivision Plat. Therefore, any additional impacts to public infrastructure for the development of 18 lots on the property is negligible and is not evaluated as part of this report.

Sufficient capacity exists for all of the infrastructure areas needed for a development of 18 single family lots without diminishing the adopted level of service for transportation, potable water, sanitary sewer, recreation and open space, or public school facilities.

CONSISTENCY WITH COMPREHENSIVE PLAN:

The consistency of the proposed amendment with the Comprehensive Plan has been reviewed. Specifically, we find that the proposed amendment is consistent with or complies with the following applicable policies.

Policy 4.1: The City shall direct development to areas where public facilities and services are available or shall be available at the time of development. High density/intensity land uses shall be directed to areas where the greatest level of public facilities and services exist.

The requested Medium Density Future Land Use classification and General Residential zoning will allow the development of a vacant block within the existing residential developed area of the City. This development will maximize available public facilities and services of the City.

Policy 4.3, The City shall encourage infill development by providing utilities and related services to developments that take place in areas already served by public facilities and services on a first priority basis.

The property is located on a vacant block surrounded by existing single family development and is a perfect example of "infill development."

Policy 4.11, The City shall encourage and incentivize mixed land uses and higher density and intensities within the US 17 Corridor to promote energy efficient land use patterns and the reduction of infrastructure costs, vehicle miles traveled, and greenhouse gas emissions.

The property is located approximately 390 feet from 5th Street (US Highway 17). The requested change in residential density will achieve an increase in density in an appropriate location to promote an energy efficient land use pattern consistent with this policy.

Policy 6.2, The City shall coordinate the implementation of the Future Land Use Map and the Transportation Element to ensure that land development is supported by existing and new transportation facilities or improvements.

The location of the property will utilize the existing local road network withing the City.

Policy 8.1, Direct higher densities and intensities of use to areas where public facilities and services are available or are projected to be available. Limit the density and intensity of use in areas where public facilities and services are not available.

Policy 9.1, The City shall locate Future Land Uses at densities and intensities that will discourage urban sprawl and leap-frog development patterns.

Policy 10.1, The City shall give first priority to those property owners located within the corporate limits prior to extending facilities and services to properties located in the unincorporated area of the County.

Policy 12.2, The City shall enforce land development regulation criteria to achieve compatibility between adjacent land uses.

B. TRANSPORTATION ELEMENT

Policy 3.3, The City shall permit development only in areas where a peak hour LOS as outlined in Policies 1.1 and 1.2 can be met or exceeded consistent with the requirements of the Florida Community Planning Act.

C. INFRASTRUCTURE ELEMENT

The requested Medium Density Residential Future Land Use and RG zoning will permit development consistent with several policies of the Infrastructure Element with respect to maximizing the use of

existing facilities to ensure capacity is available for existing and proposed development throughout the City.

CONCLUSION:

The Eagle Lake Land Development Code requires that the Planning Commission shall consider the rezoning petition and base its recommendation to the City Commission upon a determination that the following conditions are satisfactorily met (Division VI, Article 2, Section 6.1.2.10 – General(4))

- The rezoning petition is consistent with the City of Eagle Lake Comprehensive Plan;
- B. The rezoning petition will not lower the adopted level of service below the minimum level of services as set forth in the comprehensive plan for any public facilities or services; unless binding commitments for mitigation to maintain the adopted level(s) of service established in the comprehensive plan have been or will be written into a developer's agreement between the city and applicant;
- C. The proposed rezoning and all permitted uses withing the category sought will be compatible with the development of surrounding property;
- D. The need and justification for the change;
- E. The effect of the change, if any, on the particular property and on surrounding properties;
- F. The amount of undeveloped land in the general area and in the city having the same classification as that requested; and
- G. The proposed rezoning and all permitted uses are compatible with development on surrounding property; or compatibility can be achieved with a zoning district of lesser density or lesser intensity which is specified in the planning commission's recommendation.

Based on this analysis, we find that the requested Medium Density Residential Future Land Use designation and RG zoning are consistent with the applicable goals, objectives and policies of the Eagle Lake 2030 Comprehensive Plan, as amended. Furthermore, the requested future land use and zoning is consistent and compatible with the existing Commercial Transition Future Land Use classification located immediate to the Northwest, across 6th Street, South (see Exhibit E). Although, the Medium Density Residential Future Land Use and RG zoning introduces a slightly higher density than the surrounding area, the configuration of the property limits the total number of lots and density. The use as a single family detached development is consistent with and compatible with the surrounding single family residential development. The proposed development is an excellent example of infill development which is encouraged by the comprehensive plan and should be approved.

RECOMMENDATION:

The requested Comprehensive Plan Amendment to amend the Future Land Use Map and assign Medium Density Residential to the subject parcel and assign General Residential (RG) zoning is hereby recommended for approval.
